To Whom It May Concern,

I am writing this letter to appeal the request for the installation of 2 waterfront development permits for a 4' x 315' and 4' x 340' pier dock located at 77/79 Pershing Blvd, Lot 22/23, Block 960. I currently reside at an adjoining property and after living at this location for over 30 years, find this request to be unnecessary and dangerous to surrounding residents and boaters. We currently have a 100 ft. pier and other local residents have no more than 130 ft. piers, which supplies all of us with sufficient water levels for watercrafts and usage. Allowing a 315'/340' ft. dock (which would basically be into the channel) would endanger boaters, kayakers, wave runners, etc. especially during nighttime hours.

Please take this letter as our opposition to this project. If you should have any further questions or need to contact us please feel free to do so at 908-672-0036.

Our best,

John & Janine Morris
